

The Skippers' School Parents' Association

7th January 2009

Spring Ball 9th May Summer Fete 4th July 2008

As you are aware tickets will shortly be on sale for the annual Skinner's Spring Ball. One of the key elements to the success of the evening is The Raffle and we rely very much upon the support of parents and local businesses, who in the past have donated some fabulous prizes.

This year The Parents Association has been set a very challenging target of raising sufficient funds to help towards the acquisition of a mini bus which will help assist transporting pupils to educational and sporting events and thus reduce the need to pay hire charges.

Do you have at home any unwanted Christmas presents? Lovely items, but not to your taste or perhaps size. We can arrange to collect items from your home or alternatively you can ask your son to drop them off at the school office. Please, all unwanted presents will be gratefully accepted. If they are not suitable for the Spring Ball they will be perfect for the raffle at the Summer Fete.

Alternatively would you be able to donate anything as diverse as a beauty treatment or free car service? We have already received support from one parent who has agreed to donate their services as an Interior Designer.

There is also an opportunity of helping sponsor the mini bus directly and we are investigating ways in which recognition of this can be displayed on the vehicle.

So please, help us however you can by contacting us by email or phone.
